NU Goes Green

Congrats to our newest club whose constitution was approved at this past week’s legislative meeting.

We, the Niagara University Student Government Association, keeping within the framework of the Catholic and Vincentian traditions and values of this University, seek to serve the undergraduate student body and our surrounding community to the highest capacity possible.

The NUSGA shall strive to address all interests and concerns of student welfare, provide for support, funding and guidance for student organizations and exemplify those values held to be most ideal.

As the representatives of the student body, we endeavor for development personally and professionally in academic and career areas, building administrative and interactive skills to serve as a means to express our ideas while supplementing our educations.

Towards the community, we work to provide for relationships with business and social organizations and national student coalitions. We welcome others to share in our ideals, while taking a stance for those whom have their ideals suppressed.
